

HS 20W HALOGEN

The shape of the Sunnex HS, in combination with its robust design and simple adjustment, has made the lamp a reliable industrial light for over 30 years.

The Sunnex HS is fitted with Sunnex's classic flexible arm which is of extremely high quality and the lamp produces an extremely well-focused spot light. The Sunnex HS comes with either an integral transformer or in a low-voltage version for direct connection to machinery.

The light can also be supplied with a dimmer, and is available sealed to safety class IP20 or IP65. The Sunnex HS is available with a 20 or 27 in flexible, bendable arm, as well as in the form of a spot with both single and double joint.

Examples of applications include spot lighting for manufacturing machines, machine tools, graphic design, assembly work and precision mechanical work.

Applications

Workshop Machinery
Machine tools
Point Lighting
Monitoring and Inspection
Assembly Work

Benefits

Well-focused spot light
Flexible arm for precise control
With or without a joint in the lamp head
Ergonomic design
Various brackets available
