

SL3

The SL3 is a versatile LED task light for industrial and other professional applications where flexibility is of importance. It is available in IP65 version for use in harsh environments with a dimmable version also available.

Typical applications are lighting for the machining industry, inspection, and in vehicles. The LED-technology delivers low energy consumption and long service life as well as high vibration durability and virtually no radiated heat in the light beam. The high CRI value ensures high quality of the emitted light. Fifteen degree optics are fitted with interchangeable 20 & 30° optics available.

The aluminum lamp head and rugged arm make it usable in a variety of industrial and professional environments. It can be supplied with an external plugin adapter for 230V. The adapter's protection class is IP44.
